

# futur-3<sup>®</sup> PRO\_AM 2005

Saturday 15th October 2005 at Wycombe Summit

This is a new event for 2005 set up for racers by racers. There are enough races through the summer to cost everyone a small fortune in travelling, race entries, accommodation and so on. Our idea is to provide a race where the racers have a chance to win back some of the money they spend so they can go some way to supporting themselves.

At least 50% of entry money will be given back to the prize winners as funds for training. There will be a staggered system - 1st getting the most, down to 3rd. This will also apply to the overall winners. We cannot write this as a set amount as it is dependant on the number of entries.

We have already lined up training bursaries for 1 week from the British Alpine Race Academy when you pay for 1 weeks training between November and April. This prize will go to the winners of the Junior 2 categories for women and men. This is a new academy based in Radstadt, Austria with top Austrian coaches and great facilities. For more information on the academy see [www.alpine-racing.co.uk](http://www.alpine-racing.co.uk).

We also have prizes from Bartletts, futur-3 and 2 scholarships on BGR summer camps for 2006 season. BGR scholarships will go to the winners of the Children 1 age group in mens and womens categories. We will be looking for more sponsors and prizes right up until the day before the race.

Many racers out there do not have the chance to succeed as they cannot afford the training costs that come with the sport. No one will ever know if these racers have or had the talent. That's what we are trying to support; the idea of an even playing field. This race will not support a racer to ski for a season but it will help in some small way even if it just a few more training sessions on the dry slope.
