Course Inspection

During inspection you need to wear your bib so that it is visible. This is to show that you are entitled to be in the course area. During inspection you may not ski the course at speed nor shadow its characteristics from the side. You may snowplough or sideslip SLOWLY through the course. You may not do practice starts (although you can view the course from the start gate). However, the Jury decides the method of inspection and, depending on the circumstances, may forbid snowploughing or sliding the course. In such circumstances, you must inspect the course from the side.

You can inspect on skis or snowblades but not on foot. This is to prevent damage to the matting and to stop mud being brought onto the surface.
